

MASKING MADE EASY

Tired of your paint mask breaking into tiny shards? We have a solution for you: PaintMask™ PM-50. Its construction prevents frustrating breakage common with other paint masks. PM-50 resists urethanes, allowing it to remove cleanly from all different paint chemistries, leaving no residue behind.

PaintMask™

From the makers of
TransferRite®

PM-50 PaintMask yellow vinyl stencil film
Good for large RV and fleet projects to small paint applications
Cuts and weeds easily
Conforms to compound curves and leaves crisp paint lines
Works on a wide variety of paint chemistries
Removes cleanly and easily in one piece
Pairs well with 592U application tape

Our PM-50 PaintMask helps you achieve the most pristine RV and fleet paint applications, leaving crisp lines over all paint technologies.

Looking for an application
tape to complement your
PaintMask? TransferRite
592U pairs perfectly.

592U high tack | premium paper
The workhorse for vinyl graphics
ULTRA® adhesive provides superior adhesion to liner
Wet application friendly
