APPLICATION TAPES

115 YEARS OF INNOVATION

TransferRite® application tapes are proudly made by ABI Tape, one of the world's leading pressure sensitive tape manufacturers, pioneering the industry since 1908. ABI's extensive line of tape products boasts some of the best application tapes in the business today. Transfer tapes are an essential part of installing vinyl graphics and TransferRite brand premasks make those installations effortless. Our years of experience, combined with our wide array of carefully crafted products, makes us your go-to for all types of sign and graphics projects.

LET'S TALK TransferRite®

Are you finding yourself frustrated with inadequate application tapes? You just haven't met the right one yet! From small, simple decals to colossal, complex vinyl installations and everything in between, TransferRite® brand application tapes offer superior solutions. This guide will help you get to know all of the different types of tapes we offer and exactly how they can help make even your most complicated applications frustration-free.

TAKE IT FROM AN INDUSTRY PRO

"Our team at Graphix Unlimited have been long-time users and fans of TransferRite products for nearly 30 years. We rely on their quality and availability of application tapes to meet our varying needs. As we continue to grow and expand, we know we can count on the TransferRite team to supply us with solutions that are perfect for our applications. At Graphix Unlimited, we value TransferRite's dedication to customer satisfaction and highly recommend using their diverse product lines to satisfy all your projects."

- Melissa Vitali, *CEO of Graphix Unlimited*

VISIONARY & VERSATILE

Need superior signmaking solutions? Experience the all-purpose power of TransferRite® paper application tapes. Throughout the years, we have developed and perfected a complete line of standard and heavyweight papers. From your largest graphics to your smallest decals, our paper line provides economical solutions for all your applications.

Standard Papers

TransferRite® standard papers are traditional transfer tapes. This line is our economical option for your regular sign needs. We offer low, medium, and high tack products to suit small, medium, and large applications. TransferRite standard papers will get the job done.

PRODUCT NUMBER	TACK LEVEL	THICKNESS (mils)	ADHESIVE TYPE	PRODUCT HIGHLIGHTS
6560	Low	4	Rubber	Great for large vinyl graphics. Smooth removal after installation. <i>Common sizes are 6", 12", 24", 36", 48", 54", and 60"</i>
6582	Medium	4	Rubber	All-purpose workhorse for medium vinyl graphics. <i>Common sizes are 6", 12", 24", 36", 48", 54", and 60"</i>
6592	High	4.2	Rubber	All-purpose workhorse for small vinyl graphics. <i>Common sizes are 12", 24", 30", 36", 48", and 60"</i>

Heavyweight Papers

TransferRite® heavyweight papers are traditional transfer tapes. This line is our economical option for your more substantial sign needs. Their thickness adds strength and stability that make tearing a non-issue. TransferRite heavyweight papers are rugged and reliable.

PRODUCT NUMBER	TACK LEVEL	THICKNESS (mils)	ADHESIVE TYPE	PRODUCT HIGHLIGHTS
6760	Low	5	Rubber	Great for large vinyl graphics. <i>Common sizes are 6", 12", 24", 30", 48", and 60"</i>
6782	Medium	5	Rubber	Great for medium vinyl graphics. <i>Common sizes are 24", 30", 36", 48", and 60"</i>
6792	High	5	Rubber	Great for small vinyl graphics, including striping and pin striping. <i>Common sizes are 6", 12", 24", 36", 48", 54", and 60"</i>
6798	Very High	5.6	Rubber	Great for coarse surfaces like reflective films and awning materials. <i>Common sizes are 12", 24", and 48"</i>

SAY GOODBYE TO DOG-EARED DECALS

TransferRite **ULTRA**® products have been specifically designed to provide superior adhesion to even the most stubborn liners. These application tapes lay flat, saving you the hassle of dealing with unwanted curling, wrinkling or tunneling.

Standard **ULTRA**® Papers

Standard TransferRite **ULTRA**® papers are traditional transfer tapes, with the added benefit of exceptional lay-flat characteristics. Their adhesive has been designed to stick to areas of exposed liners, helping you avoid damage to your graphics like wrinkling, tunneling, and curling. TransferRite Ultra tapes keep your decals in pristine shape.

PRODUCT NUMBER	TACK LEVEL	THICKNESS (mils)	ADHESIVE TYPE	PRODUCT HIGHLIGHTS
560U	Low	4.3	Rubber	Great for large vinyl graphics. <i>Common sizes are 15", 24", 36", 48", 54", and 60"</i>
582U	Medium	4.2	Rubber	All-purpose workhorse for medium vinyl graphics. <i>Common sizes are 3", 6", 12", 24", 36", 48", 54", and 60"</i>
592U	High	4.3	Rubber	All-purpose workhorse for small vinyl graphics. <i>Common sizes are 3", 6", 12", 24", 36", 48", 54", and 60"</i>

Heavyweight **ULTRA**® Papers

Heavyweight TransferRite **ULTRA**® papers are traditional transfer tapes, with the added benefit of exceptional lay-flat characteristics. Their adhesive has been designed to stick to areas of exposed liners, helping you avoid damage to your graphics like wrinkling, tunneling, and curling. Their thickness adds strength and stability that make tearing a non-issue.

PRODUCT NUMBER	TACK LEVEL	THICKNESS (mils)	ADHESIVE TYPE	PRODUCT HIGHLIGHTS
760U	Low	5.4	Rubber	Great for large vinyl and paint mask installations. <i>Common sizes are 6", 12", 24", 36", 48", 54" and 60"</i>
782U	Medium	5.4	Rubber	Great for medium vinyl and paint mask installations. <i>Common sizes are 3", 6", 12", 24", 36", 48", 54", and 60"</i>
792U	High	5.4	Rubber	Great for small vinyl and paint mask installations. <i>Common sizes are 3", 6", 12", 24", 36", 48", 54", and 60"</i>
794U	Very High	5.4	Rubber	Great for dusted and frosted etched glass vinyls. Wet application friendly. <i>Common sizes are 24", 30", 48", and 60"</i>

SEE IT CLEAR

The TransferRite® family of film application tapes will help you achieve perfect placement. The clarity they provide makes precise alignment a breeze.

1300 Series **ULTRA**® Films

The TransferRite® 1300 Series is a family of clear film application tapes used for the transfer of vinyl graphics. Unlike traditional paper tapes, their clarity allows you to see your graphics during installation, to help you achieve the perfect placement every time. Our **ULTRA**® adhesive provides superior adhesion to even the most stubborn liners.

PRODUCT NUMBER	TACK LEVEL	THICKNESS (mils)	ADHESIVE TYPE	PRODUCT HIGHLIGHTS
1301	Low	3.9	Rubber	Great for large vinyl graphics. <i>Common sizes are 12", 24", 30", 48", 54", and 60"</i>
1310	Medium	3.9	Rubber	For use with calendered intermediate vinyl. Clarity is great for RTA decals. <i>Common sizes are 3", 6", 12", 24", 30", 36", 48", 54", and 60"</i>
1310 Grid	Medium	3.9	Rubber	Great for craft applications like small lettering and fine details. Clarity is great for RTA decals. Also sold in rolls or sheets with liner. <i>Common sizes are 6", 12", 24", and 48"</i>
1320	High	3.9	Rubber	Great for small graphics with fine detail. Pairs well with specialty vinyls like etched glass, reflective, and holographic films. <i>Common sizes are 6", 12", 24", 48", and 60"</i>

1500 Series Films

The TransferRite® 1500 Series is a family of transparent film application tapes used for the transfer and protection of vinyl graphics. You can trust these tapes to perform during your most challenging applications. Their thickness delivers added stability during installations and translucent nature helps with alignment.

PRODUCT NUMBER	TACK LEVEL	THICKNESS (mils)	ADHESIVE TYPE	PRODUCT HIGHLIGHTS
1504	Low	4.2	Rubber	Great for large vinyl graphics. <i>Common sizes are 48" and 60"</i>
1510	Medium	4.2	Rubber	Great for medium vinyl graphics. Thickness provides stability. <i>Common sizes are 24", 48", and 54"</i>
1520	High	4.4	Rubber	Great for small lettering, striping, and doming. Thickness provides stability. <i>Common sizes are 12", 24", and 48"</i>
AirMask 510U	Medium	4.3	Rubber	Designed for use with exposed air egress liners. <i>Common sizes 24", 30", 48", 54", and 60"</i>

At ABI Tape, we pride ourselves on our ingenuity and innovative solutions. We're accustomed to working with customers to tailor solutions to their specific needs. No matter the issue, we've got the solution.

Specialty & Protective Products

ABI Tape's line of Specialty & Protective products offer solutions for even your most unique projects. Applications range from UV screen printed graphics, temporary movie set backdrops, partial vehicle wraps, paint applications, reflective films, awning materials, and much more.

PRODUCT NUMBER	TACK LEVEL	THICKNESS (mils)	ADHESIVE TYPE	PRODUCT HIGHLIGHTS
SPECIALTY PAPERS & FILMS				
TransferRite® 6882	Medium	5.5	Rubber	Great for medium vinyl graphics. Adheres to UV screen printed graphics. Common sizes are 12", 24", 36", 48", 54", and 60"
StencilRite® 6932	High	7.5	Rubber	Heavyweight paper tape on a crepe liner. Temporary wallpaper for movie set backdrops, designs, and displays. Cost effective, time saving, and easy to dispose of. Can be used for container markings. Able to be steel rule die cut. Common sizes are 24" and 48" Only available in 25 or 50 yards
TransferRite® 992U	High	7	Rubber	Great for partial vehicle wraps. Common sizes are 24", 30", 48", 54", and 60"
PalletMask™ PM-12	High	4.2	Rubber	Protective paper masking for screen printing pallets. Use ensures a fresh, smooth surface for every print run. Removes cleanly and easily. Common sizes are 5", 16", 18", 24", and 36"
PaintMask™ PM-50	Medium	3.4	Acrylic	Yellow vinyl stencil film used for RV and fleet paint applications. Cuts and weeds easily. Conforms to compound curves and leaves crisp paint lines. Works on a wide variety of paint chemistries. Removes cleanly and easily in one piece. Pairs well with 592U application tape. Common sizes are 15", 30", and 48"
ProtectRite® 8510	Medium	3	Rubber	Protective film tape. Blue color provides UV protection and helps differentiate film from substrate. Common sizes are 12", 24", and 48"
